DASH came to our campus

The dog he is called "Dash" came to our campus! When he came there, he was so small and so cute!!

My room was so huge

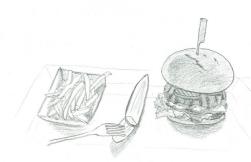

I was so surprised when I arrived at the house. I was the last person to arrive, but my room was so huge. Also there was a stove!

I love American food

2/19

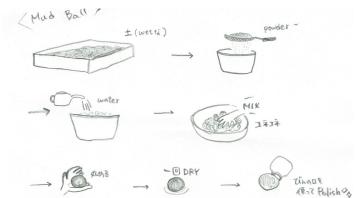

I love eating foods. American foods were so tasty for me. Of course, the dinner that students cooked was also great!
